

SOLVE THE PUZZLE TO OPEN THE LOCKS

Place the numbers 1 to 9 in the empty squares so that each row, each column and each 3x3 box contains the same number only once. The numbers in the shaded section on the right provide the combination to the locks.

6				3	4		5	2	
		5					3	1	
	4				7		9		
				8	1		5	3	
9								7
